## EXPERIENCE

- The Andover Companies, Business Intelligence Intern, Andover, MA** June 2025 - August 2025
- Participated in a rotational internship program, gaining exposure to multiple departments across the insurance industry, including underwriting, claims, loss control, and business intelligence.
  - Specialized in the Business Intelligence division, where I contributed to the development of a predictive model for Business Owner Policy (BOP) reinspections using Guidewire Predict, Tableau and R.
- Camp Whirlygig, Athletic Director, Wenham MA** July 2024 - August 2024
- Organized and led athletic programs for multiple age groups, focusing on skill-building in tennis and pickleball; adapted activities for different group dynamics and individual needs.
- Soccer and Basketball Clinics, Owner and Manager, Hamilton, MA** July 2019 - August 2024
- Founded and operated seasonal sports clinics for elementary aged kids; developed programming, handled communications, and managed operations including pricing and scheduling.
- TekScan, Intern, Remote** June 2023 - August 2023
- Remotely worked on creating interactive sales dashboards useful for employees to help manage sales.
  - Using Microsoft programs, utilized computer programming and data analytics skills to create effective and efficient programs. Specifically focused on the use of Microsoft's Power BI.
- Nantucket Wine and Food, Production Staff, Nantucket, MA** May 2023
- Assisted in set-up, execution, and break-down of over 50 festival events across the 10-day island-wide wine and food festival. Used Problem Solving and Teamwork skills in order to meet deadlines over the course of the festival.
